

Nexora Inc. Corporate Safety and Health Directive Edition 1.0 Activation Date: January 1st, 2024

- Objective** The primary objective of this Corporate Safety and Health Directive is to detail Nexora Inc.'s dedication to cultivating a secure, protected, and wholesome operational setting for all staff members, independent contractors, guests, and shareholders. We consider workplace health and safety to be a core component of our business activities and essential to the long-term viability and achievements of our enterprise. Nexora Inc. is completely dedicated to averting occupational harm, sickness, and accidents by preemptively recognizing, evaluating, and addressing hazards connected to our commercial endeavors.
- Applicability** This directive is mandatory for all persons performing duties for or representing Nexora Inc., encompassing full-time, part-time, and provisional workers, as well as external vendors, consultants, and visitors. It spans all Nexora Inc. physical sites, telecommuting setups, corporate fleet, and any external venues where company affairs take place. Adherence to this directive is a prerequisite for continued employment or association with Nexora Inc.
- Primary Pledges** Nexora Inc. is devoted to the succeeding fundamental tenets:
 - **Regulatory Observance:** We shall rigorously comply with all pertinent municipal, state, and global health and safety legislation, rules, and sector norms.
 - **Hazard Mitigation:** We shall establish strong frameworks to pinpoint dangers, evaluate threats, and enact potent safeguards to eradicate or reduce risks to the minimum practically achievable degree.
 - **Unceasing Enhancement:** We shall constantly assess and better our health and safety metrics via systematic reviews, facility checks, and accident inquiries.
 - **Education and Comprehension:** We shall supply extensive and continuous safety training to guarantee that all personnel grasp their duties, obligations, and the perils linked to their specific tasks.
 - **Collaboration and Involvement:** We shall deliberately interact and confer with staff and their delegates regarding issues tied to occupational health and well-being.
- Accountabilities**
 - Senior Leadership** The Senior Leadership group bears ultimate accountability for the physical welfare of all workforce members. They are required to dispense sufficient funding, set unambiguous targets, and showcase transparent guidance in fostering a solid culture of safety across the firm.
 - Directors and Team Leaders** Directors and team leaders are accountable for making certain that the operational spaces under their supervision are secure and in accordance with this directive. They must verify that dangers are spotted and mitigated, staff obtain proper instruction, and safety guidelines are applied uniformly.
 - Personnel and Vendors** Every worker and vendor carries a personal duty to operate securely, abide by defined safety protocols, utilize supplied protective gear, and escalate any dangers, accidents, or close calls instantly to their superior or the safety unit. No person should ever execute an assignment they deem hazardous.
- Danger Recognition and Threat Evaluation** Nexora Inc. mandates preemptive danger recognition and threat evaluation before the start of any fresh endeavor, the rollout of novel machinery or methods, or substantial alterations to current processes. All spotted dangers must be recorded, and suitable safeguards must be enacted in alignment with the safety control hierarchy (removal, replacement, mechanical safeguards, procedural safeguards, and personal protective equipment).
- Event Notification and Analysis** All occupational accidents, mishaps, wounds, diseases, and close calls, no matter how minor, must be escalated right away. The Safety and Health Unit will spearhead analyses into all escalated incidents to pinpoint underlying causes and enact remedial steps to stop them from happening again. Any form of reprisal directed at a person who voices a safety worry truthfully is absolutely forbidden.
- Crisis Readiness and Action** Nexora Inc. shall formulate, execute, and keep up comprehensive crisis readiness and action strategies for all premises. These strategies will cover possible crises like blazes, health emergencies, acts of nature, and security hazards. Periodic practice runs and simulations will be organized to guarantee that all staff are conversant with crisis protocols.
- Workplace Aggression and Bullying** Nexora Inc. is resolute in maintaining a work environment completely devoid of aggression, intimidation, coercion, and bullying. We uphold a zero-tolerance stance regarding any type of workplace aggression. Any person partaking in such actions will face harsh punitive measures, potentially culminating in job or contract termination, and possible lawful recourse.
- Substance and Intoxicant Rule** The utilization, ownership, distribution, or vending of illicit narcotics or intoxicants on firm property or while engaged in company duties is categorically forbidden. Personnel must not arrive for duty while affected by any substance that might compromise their capacity to execute their tasks securely.
- Application and Disciplinary Measures** Adherence to this Corporate Safety and Health Directive is compulsory. Neglect in following these stipulations may

prompt disciplinary measures. The gravity of the disciplinary measure will correspond to the character of the infraction and might involve spoken cautions, formal reprimands, temporary removal, or dismissal from employment.

11. Directive Re-evaluation This directive shall be re-evaluated on a yearly basis, or sooner if necessitated by shifts in law, major procedural changes, or stemming from accident analyses.

12. Vendor Safety Supervision Nexora Inc. demands all vendors to uphold the equivalent stringent levels of health and safety as our direct personnel. Before beginning work, vendors must complete a strict safety vetting procedure. Vendors are mandated to hand in their distinct safety plans and site-tailored safety schemes for checking and authorization. Regular checks and performance reviews will be carried out to verify sustained adherence.

13. Workplace Wellness and Health Beyond averting bodily harm, Nexora Inc. is devoted to backing the holistic physical and psychological well-being of our staff. We shall grant access to occupational health facilities, employee support schemes (EAP), and wellness drives intended to foster a healthy way of life and cope with job-related tension. Posture and workstation evaluations will be open to all desk and field staff to avert musculoskeletal issues.

14. Ecological Well-being Nexora Inc. acknowledges the fundamental connection between workplace health and ecological responsibility. We are resolute in decreasing the ecological footprint of our processes via pollution avoidance, trash reduction, and the careful handling of dangerous substances. Ecological health factors will be woven into all phases of our corporate strategizing and implementation.

15. Information Sharing Clear information sharing is crucial to an effective safety scheme. Nexora Inc. will make sure that safety data, encompassing rules, protocols, danger warnings, and performance indicators, is disseminated transparently and routinely to all tiers of the firm via diverse mediums like safety gatherings, announcement boards, internal networks, and instruction modules. Input and recommendations for enhancing safety are heavily welcomed.
